1492-1892.

The day of days is nearing—October 21, 1892—the quadricentennial anniversary of the discovery of America by immortal Christopher Columbus.

The Los Angeles Times has fixed upon this historic and glorious date for the issuance of a special illustrated Columbian Number, to consist of twenty-four pages (besides a four-page illustrated supplement), descriptive of Los Angeles and Southern California.

An epitaph is frequently epitaphy.

Jack Frost is the cholera's Jack the Ripper.

Peck is the short for Burchard in Democratic jargon.

DAVE HILL said: "I am a Democrat"—then he winked the other eye.

Between speeches Dave Hill is popularly supposed to be holding that knife on a grindstone.

If the Gray is up on that stump, the aforesaid stump must be hid out in the corn some place.

It is to be hoped that Grover will not forget himself and ring some kind of a rattle into that letter.

AFTER the spectacle of women orators being rotten-egged in Georgia, what has Adlai Stevenson to say about the Force Bill?

The pneumatic bicycle tire, is not a patching to the tire that men wear who ride the machine, is the substance of an observation in Puck.

The San Jose Mercury, with rare insight, says: "The souvenir campaign upon which has Grover Cleveland's bust on it ought to be a soup ladle."

The hour seems to be at hand for a Morey letter, or something of that sort. Has the Democratic campaign liar lost his cunning, or why is he so late with his canard.

The Chicago Herald says: "David B. Hill never did give much aid and comfort to Republicans." Yes, and you Democrats haven't been getting any too much solace and stuff out of Dody of late, either.

JERRY SIMPSON and a party by the name of Long are to have a joint debate in Kansas "directly," but whatever Mr. Long's ability, he will not be able to talk the socks off of Jerry—not by a long shot.

The chief complaint that some people make about Peck is that he is a Democrat and not a mugwump. Whatever he is, however, we move that he be promoted and made a bushel or a bushel and a half.

The Chicago Herald calls it the "McKinley cholera," and charges the bringing of the disease to our shores entirely to that great instrument known as the McKinley Bill. Really, the Herald makes us bacillus.

JOHN J. INGALLS lost four pounds of flesh while abroad, but is said to have brought back with him more ginger in his speech than he knows what to do with. When he gets up on that stump watch out for music.

PUCK says: "About the hardest crop to raise on a farm nowadays is the boys in the family." It was easy, years ago, when we were on a ranch, because about the only thing needed to do the raising with was a robust strap or a bed slat.

"It is the fashion to abuse New York," plaintively murmurs the New York Recorder. Oh, it is, is it? When did abusing Chicago go out of fashion?—[Chicago Tribune.]

Well, you big lubbers, don't you both deserve it.

WILLIAM H. MILLS estimates that California will raise \$50,000,000 worth of stuff this year that is good to eat. Mix this fodder with a climate that is worth \$250,000,000 and who can match us? Hooryay for the glorious "cuisine" and climate of C.

THE Democrats are even in danger of losing poor old Missouri this year, and the Bourbons there are yelling for their brethren to come over and help them pull, with a loud voice. Missouri gone Republican! What a headline that will make in November!

You will notice that Dave Hill is insisting in his speeches that he is a Democrat. As we are not mind readers, it is, of course, impossible for us to say positively that that is one of Dody's slugs at Grover, the boss mugwump, but we have our opinion about it.

latitude, and if any one knows of any infraction of the law let the case be laid before that body, to the end that justice may be done.

The Law and the Ballots.
Atty-Gen. Hart, at the request of Secretary of State Waite, has filed an opinion as to the requirements of the new law in preparing the tickets in the forthcoming election.

The point of the opinion is that the only parties entitled to a heading on the State or "general ticket" at this election are: Regular Republican ticket (straight), regular Democratic ticket (straight), regular Prohibition ticket (straight), and no others.

All nominations made by certificates or conventions for Assemblymen, Senators and Congressmen and for county officers outside of San Francisco by so-called parties other than the three above are not entitled to a heading on the "general ticket," but must be entered on the ticket in their respective places, as follows:
John Smith, Non-Partisan,
John Doe, People's party,
And so on, none of whom would be entitled to a heading on the general ticket.

Thus it appears that the People's party will not be able to appear on the ballot with a "straight ticket," but their nominees will be entitled to a place on it, each nominee having after his name the designation "People's party." The only real drawback involved in this will be that nobody will be able to vote the entire ticket by simply placing the regulation cross at the head of the ticket, but will be obliged to mark every name separately. The Populists may consider this a hardship, but it is the best that can be done for them under the law. The Attorney-General shows that it would be an "unfair" hardship to take liberties with a law so exacting as that which prescribes the Australian ballot system, and thus, perhaps, invalidate the entire election. He quotes the following sections:

At the head of each ballot shall be printed, in separate lines, the names of all political parties which have filed certificates of nomination of candidates in accordance with sections 1189 and 1187 of this code, thus: "Regular Republican Ticket"—(straight). Sec. 1187.

From this it is clear that it is only those "political parties" which have filed certificates of nomination of candidates in accordance with sections 1189 and 1187 that are entitled to places at the head of the ticket.

Those sections are as follows:
1189. Any convention, as hereinafter defined, held for the purpose of making nominations for public office, and also electors, to the number hereinafter specified, may nominate candidates for public office to be filed by election within the State. A convention, within the meaning of this act, is an organized assembly of delegates representing such county, township, city or district, which at the last election before the holding of such convention polled at least three per cent of the entire vote of the State, county, district or other political division for which the nomination is made; provided, that in any county, township, city or district wherein no general election has been held after the last election before the holding of any party polling at least three per cent of the votes cast in the precincts composing such county, township, city or district shall have the same power and its nominations the same effect as though such county, township, city or district had been organized before the next preceding general election.

1187. All nominations made by any such convention shall be certified as follows: The certificate of nomination, which must be in writing, shall contain the name of each person nominated, his residence and the day in order for one year of such convention, who shall add to their signatures their respective places of residence, and make oath before an officer authorized to administer oaths, that the matter stated in such certificate is true to the best of their knowledge and belief, and a certificate of the oath shall be annexed to the certificate of nomination.

It is provided, however, that candidates may be placed on the ticket who are supported by a petition or certificate signed by five per cent of the voters at the last preceding general election. Such nominees, the Attorney-General holds, are not entitled to a party designation at the head of the ticket. It is in this way that the Populists will have to make their nominations to secure recognition by the Secretary of State.

The Grand Army Encampment at Washington was a gala occasion, and the Evening Star of that city printed on Monday of last week one of the finest issues of a newspaper ever seen on a like occasion. It contains a portrait of each Department Commander of the G.A.R., with appropriate sketches, portraits of many of the leading spirits in the Woman's Relief Corps, pictures, war poems, maps and other matter in every sense timely and fitting. It was a great number of a great newspaper.

A GANG of burglars entered a Chicago saloon last Wednesday night, thrust the bartender into the refrigerator and robbed the cash register of \$55. The man with the white apron might feel incensed, perhaps, at being put on ice, but he must have chuckled a little knowing that at somebody was doing up that *bete noir* of the bartender, the cash register.

WORLD'S FAIR COMMITTEE

Short Meeting at the Chamber of Commerce Room.

The Los Angeles County World's Fair Committee met in the Chamber of Commerce room yesterday at 11 o'clock. Members present: Messrs. Wells, Forrester, Dunham, Klokke and Wiggins.

The morning was taken up with routine business. A communication was read from the Los Nietos Walnut Growers' Association, wherein it donates to the committee 6000 pounds of nuts, with the understanding that the association receives credit for the exhibit and its trade mark is placed on all nuts displayed. The same was duly accepted. This will allow the committee to make such arrangements as they think best for the most attractive display with in the three departments.

Several other communications were read, among them a letter from Mr. Turill, manager of the preliminary exhibition to be held in San Francisco January 10, 1893, who wishes the committee to arrange for placing a portion of the World's Fair exhibits on display there before sending them to Chicago. No action was taken, as a full attendance of the committee was desired before deciding the matter.

The committee adjourned for the afternoon, and there being no quorum in the afternoon the present adjourned until October 28, 1892.

THE CITY COUNCIL.

The Usual Routine Municipal Business Attended to.

Message from the Mayor Vetoing the Ionia Street Sewer.

Reports of Officers and Committees Presented and Passed on.

Smelting Company Granted Permission to Take Water from the River—Street Improvements Ordered—City Attorney's Report.

The City Council met in regular session yesterday morning at the usual hour, every ward, with the exception of the Third, being represented, and Councilman Tufts presiding temporarily.

After the usual preliminaries had been disposed of, the following message from the Mayor was read:

MESSAGE FROM THE MAYOR.
To the Honorable the Council of the City of Los Angeles: I return herewith without my approval ordinance providing for the construction of a sewer along Ionia street. On application to the City Engineer I am informed that the present sewer on Seventh street, into which it is intended to empty the sewerage from Ionia street if the sewer is constructed, would be taxed to its utmost capacity owing to the fact that it is made the temporary intercepting sewer for all the sewerage flowing into the Arroyo de los Reyes main sewer, lying north of Seventh street.

Property-owners complain of the hardship entailed on them in compelling them to build sewers before they can be used, and I suggest that the construction of this sewer be postponed until a connection can be made with the main sewer, where, in which time it cannot be utilized, will be only too glad to pay for constructing the same.

Upon motion of Councilman Rees the vote by which said ordinance had been adopted was reconsidered, and the matter was referred back to the Sewer Committee.

REPORTS OF OFFICERS.

The City Auditor's report, showing the condition of his books for the month ending August 31 was read and referred to the Finance Committee.

The Chief of Police and City Tax and License Collector reported jointly on the issuance of sixty-two wagon numbers since May last. Referred to the City Auditor.

The draft of a contract between the city and the Bowers Rubber Company for 1000 feet of Baker's fabric cotton rubber lined hose at \$1 per lineal foot, was read and approved. It was also the accompanying bond in the sum of \$500.

Another message was received from the Mayor transmitting an invitation from the joint committee on ceremonies for the World's Columbian Exposition to attend the dedicatory ceremonies on October 20, 21 and 22 next in honor of the completion of the buildings of the World's Columbian Exposition, which invitation was cordially accepted.

CITY CLERK'S REPORT.

The City Clerk reported as follows: In the matter of the petition of John H. Street, from Daily street to Griffin avenue, I have amended the report in accordance with the report of the Board of Public Works of September 6, 1892, and have published the notice of the filing of said amended report as recommended by the City Attorney.

In the matter of opening and extending of Primrose avenue, from Pasadena avenue to Johnson street, on August 23, 1892, the report of the Committee oners, to the City Engineer, was read and approved. The report of the filing of said report and plat was published. September 24, 1892, notice of the filing of said report and plat was published. On the confirmation of said report could legally be filed. No protests have been received in the matter. On the report of the honorable body if you so see fit to confirm and adopt the report of the Commissioners, together with the plat of the assessment district. Referred to Board of Public Works.

In the matter of the sewer of Spring street, from Temple street, notice of the filing of said report was published August 31, 1892.

On September 13, 1892, time for protest expired. On the petition of the City Engineer, to pass the final ordinance September 26, 1892, on September 24, 1892, the protest of the Los Angeles National Bank was filed. It will now be in order for your honorable body, after disposing of said protest, to pass an ordinance ordering the work if you so see fit. Which said ordinance is herewith submitted.

Upon motion of Councilman Rhodes the matter was referred to the Sewer Committee and City Engineer, and, at the suggestion of Councilman Nickell, a request was made that said committee report thereon at the afternoon session.

The Finance Committee reported, confirming the weekly reports of the City Auditor and recommending that \$8500 be temporarily appropriated to the internal sewer fund to the cash fund, to meet outstanding demands. Adopted.

SEVENTH STREET WIDENING.

In the matter of the communication from the commissioners for the widening of Seventh street relating to the unexpended balance in their hands being applied toward paying off the indebtedness incurred in first proceedings to widen said street, the committee recommended that it be declared the sense of the Council that said balance be appropriated in the manner suggested by the commissioners. Adopted.

The report of the Board of Public Works, as published in THE TIMES on Sunday last, was adopted as read, with the exception of the recommendation to adopt the plans for the proposed new water system submitted by the City Engineer, which led to a prolonged debate.

Finally Councilman Rees moved that Messrs. Percival, Oliver and Meyer be requested to act as a board of inspection upon the plans presented by the City Engineer.

Councilman Nickell moved as an amendment that the matter be referred to a committee of three, in connection with the City Engineer, for investigation of the matter. Messrs. Rhodes, Lanes and President Bonnell appointed as such committee.

BIDS OPENED.

The following bids were opened, read and referred to the Board of Public Works:

For the improvement of Eleventh street from Vernon to Alvarado streets: W. Lewis, grading \$1.92 per foot, curb 26 cents; F. M. French, \$2.84 complete; J. S. Haigler, \$2.14 complete; Dodd & O'Garra, \$2.23 complete; W. B. Nichols, \$2.28 complete; A. S. Heitchew, \$2.18 complete.

Girard street, F. M. French, \$2.10 for grading, 48 cents for curb, 15 cents for sidewalk; Nichols, \$2.14 complete; \$4.85 complete; Heitchew, \$4.58 complete.

Lucas avenue and Fourth street intersection, J. Jones, \$2.20 complete.

Soto street and Brooklyn avenue, J. S. Haigler, \$3.49 complete; same, W. B. Nichols, \$3.64 complete.

Two reports were received from the Bridge Committee, that of the majority recommending that the bid of C. S. Palmer, \$1100, for the painting of the

city's bridges be accepted, while Councilman Summerland presented a minority report recommending that all bids be rejected and the clerk directed to readvertise. After a lengthy discussion the minority report was adopted.

SMELTING WORKS WATER RIGHT.

A petition was presented by the Southern California Smelting Company asking for the right to take water from the river for its works, to be located south of the Terminal Railway on the east side of the river. Three hundred feet along the river is asked for excavations and the erection of buildings and machinery to supply water for the works. The water can be used again after it has passed through the water jackets of the furnaces. The agent of the company was present, and said it was the intention to begin building the smelting works at once, and about 20,000 gallons a day would be needed to start with. Referred to the Zanja Committee.

The Board of Health reported recommending that the Council take steps to abate the nuisance complained of by M. T. Owens et al., but the report was filed.

MOTIONS.

Councilman Rees moved that the Street Superintendent be directed to move the curb at the northeast corner of Macy and Bridge streets for the new line created by the decision by the Board of Education of a part of said land for street purposes. Adopted.

Upon motion of Councilman Rhodes the Chief Engineer of the Fire Department was directed to notify the City Water Company to connect the fire plugs on Pearl street west on Seventh street to the new corners, and the Superintendent of Street Sprinkling to have the sprinkling hydrants set back, also that the City Engineer investigate the petition of E. F. Taney and solve the matter if possible. Adopted.

The member for the Fourth (Rhodes) also moved that fire-alarm boxes be placed at the corners of Seventh street and Union avenue, Ninth and Alvarado streets, Ninth and Holmes streets, Eleventh and Burlington streets, First and Wilmington streets and Ninth street and Central avenue. Referred to Board of Fire Commissioners.

The same member also moved that the Street Superintendent put Seventh street, west of the park, in good condition for travel. Referred to Board of Public Works.

Councilman Alford moved that an electric light be placed at the intersection of Twenty-third street and Maple avenue, Washington and San Pedro streets, and Washington street and Central avenue. Referred to Committee on Gas and Light.

A recess was then declared until 2 o'clock.

Afternoon Session.

It was 2:30 o'clock before the Council was called to order, with Councilman Tufts in the chair.

The special order, the hearing protests against the report of the Commissioners in the matter of the improvement of Sixteenth street, was postponed for one week.

THE NEW SMELTER.

On the recommendation of the Sewer Committee the petition of the Southern California Smelting and Refining Company to be allowed to develop and use water from the river along the east side, between the patent boundary and Hostetter avenue, was allowed, the company to pay a rental of \$1 per year and not to sell the water for any purpose, the right to be forfeited in case the smelting works suspend.

Tommy Maguire resigned as elevator boy, and Thomas Smith was appointed to fill the vacancy.

Mr. Hellman appeared before the Council and again asked permission to put in an entrance to the cellar of his new building at Third and Main streets, stating that he now had means of entrance from the outside, and saying that he would be satisfied with two feet, instead of three, as at first proposed. After debate the matter was referred to the Superintendent of Buildings for investigation and report.

MRS. PHILLIPS.

On motion of Councilman Innes, the City Attorney was added to the committee appointed to confer with engineers on the proposed water system and the plans for the same.

Councilman Rees moved that Messrs. Eaton, Wright and Percival be requested to examine these plans, and to report at the next meeting of the Council, if they receive a compensation of \$100 each.

This motion was voted down, and the committee was instructed to go ahead and not to spend to exceed \$800 for expert advice.

FIFTH STREET PAVING.

Councilman McGarry called up the matter of the paving of Fifth street between the street-car tracks, when the City Clerk reported that no bids had been received.

On motion the matter was referred to the Councilman from the Seventh Ward to confer with the property-owners, the Clerk in the meantime being ordered to readvertise for bids for one week further.

On motion of Councilman Alford, a lease was ordered given to John Green and others for certain lands on the East Side, for the use for the erection of a cannery.

The Superintendent of Buildings reported that the present tank supplying the city hall with water was too small for the purpose, and recommending an additional tank. The report of the Superintendent was adopted and the Clerk was ordered to advertise for bids.

A. M. Stephens, Esq., appeared before the Council on behalf of purchasers of the refunding funds to the amount of \$380,000, Messrs. Hays & Sons of Cleveland, O., asking for one week's further time to perfect the contract.

As the purchasers have \$3000 on deposit with the City Clerk, and are paying the interest, the request of Mr. Stephens was granted.

STREET MATTERS.

The Superintendent of Streets reported that much trouble has been caused by people dumping garbage, etc., in the new sewers, and recommending that an ordinance be passed making this a misdemeanor and offering a reward of \$25 for the detection of every violation of the law. On motion, the City Attorney was instructed to prepare the necessary ordinance.

On recommendation of the Street Superintendent, the contractor for the paving of Alameda street, between First and Commercial streets, was granted sixty days additional time for the completion of his contract.

HEALTH OFFICER'S REPORT.

The Health Officer reported, calling attention to the insufficient water supply of the city hall for flushing closets, etc., and incidentally severely criticizing the Council for its neglect of duty. Filed, as the matter had already been attended to.

The Health Officer also called attention to a nuisance created by the overflowing of the Zanja Madre in the Southern Park, and to the roundhouse, caused by the Capitol Mills taking water for power purposes. Filed, as the matter is now in the courts.

Attention was also called to the con-

dition of Lake Shore avenue, and the Health Officer recommended that the street be properly graded as a sanitary measure. A nuisance is caused by sewage water overflowing from the sewer. Referred to the Board of Public Works.

The Health Officer reported at length the precaution taken by his department against the possible introduction of cholera, saying that while he did not think there was any danger of an outbreak of cholera in this city, still everything had been done. He urged that the strictest sanitary measures be enforced, and that the city be made as clean as possible, as cholera cannot find a lodgment where there is no filth, and that a clean city is a good advertisement any way.

CITY ATTORNEY'S REPORT.

The City Attorney reported adversely in the matter of appropriating the surplus for the widening of Seventh street for paving the expense of a former commission, which is clearly against the law.

In the matter of grading Broadway, between Tenth and Main streets by private contract, the City Attorney recommended that the matter be postponed until the city has acquired all the land, a portion of the street being still in litigation. The recommendation was adopted, as was also that denying the petition of John C. Oline for \$1738.98 damages alleged to have been caused by the change of the grade of Macy street. The usual petitions were read and referred to the proper committees.

STREET IMPROVEMENTS.

An ordinance of intention for the improvement of Thirty-first street, between Main street and Grand avenue, passed under suspension of the rules.

A final ordinance for the construction of sewer on Spring street, from First to Temple streets, passed under suspension of the rules.

Councilman Summerland called up the matter of the appointment of an assistant building inspector, when Councilman Innes moved that the matter be postponed for one week.

The Council declined to postpone, when the ordinance creating the office, defining the duties of the position, and fixing the compensation at \$100 per month, was read and passed under suspension of the rules, it being understood that no application shall be considered unless he holds a first-class certificate as a practical plumber, and that the ordinance take effect November 1, it being stated by Councilman Rees that there is no money to pay the salary until that time.

Francis P. Lefroy was granted a quit claim deed to certain land in the Beaudry tract, on the recommendation of the Land and Commerce and City Attorney.

F. M. French was awarded the contract for the improvement of Winfield street, after which the Council adjourned.

W. C. T. U.

Temperance Meeting at the Bellevue Avenue Presbyterian Church.

The cause of temperance was brought before the people of the West End on Sunday afternoon in a rather pleasing way. The Bellevue Avenue Presbyterian Church, over which Rev. Mr. Newell presides, was decorated for the occasion of the West End W.C.T.U. meeting, simultaneously with kindred meetings in many districts around the world, and presented an attractive appearance. The speakers who made the meeting a most good thing, may be mentioned the pastor of the church, who in a short address heartily indorsed the work of the W.C.T.U., and emphasized many reasons for its existence and support. Mr. Stevens, the president, called attention to the "motto" hung over head, "For God and Home and Native Land," in a pleasing address and then introduced Mrs. Harris, so well known to all for her active Christian work and her means of temperance. She spoke of the early days of the temperance crusade and its plan of work. "The Aims and Methods of the Work" were presented by Mrs. Garbutt, State corresponding secretary. In a very interesting and able manner.

"Present Work of the W.C.T.U." was set before the meeting by Mrs. Dimmick, State superintendent of prison and police work, and the lamentable feature that boys were often placed with the most hardened criminals for weeks and months before being sent to the reform school or otherwise disposed of.

"A Trip Around the World in Six Minutes," by Mrs. Newell, was attractive. Mrs. Phillips, former president of the society, read an interesting letter from Miss Jessie Ackerman.

Prayer by Rev. Mr. Cash, of the West End Congregational Church, and the pleasant hour was closed with regret to many.

CABRILLO DAY.

The Great Celebration to Commemorate Tomorrow—Everything in Readiness.

The great Cabrillo celebration at San Diego commences tomorrow morning with the exact reproduction of the scene of the landing of the explorer at that place 350 years ago. Immediately after this event there will be a street parade, and in the afternoon there will be literary exercises at the plaza, which has been converted into a vast auditorium with a seating capacity of 5000, and in the evening the grand banquet will take place at the Coronado Hotel, when the distinguished guests will be entertained.

Advices from San Diego are to the effect that the entire city is handsomely decorated, and the people have resolved themselves into one great reception committee to look after the pleasure and comfort of their guests.

A large delegation will go down from this city, and almost every town in the southern part of the State will have representatives on the ground. Notwithstanding this large crowd, every one can be accommodated, as the people are determined to see that no one is neglected.

The celebration will continue during Thursday and Friday, both of which days attractive programmes have been arranged, and those who cannot get away for the first day will be amply repaid for the trip on either of the other days.

The grand banquet at the Hotel Coronado in honor of the distinguished visitors at the celebration promises to be one of the most brilliant affairs of the kind in the history of the State. Prominent men from almost every city will be present, and open-handed hospitality will be extended by San Diego to her guests. A limited number of tickets have been apportioned to Los Angeles, which may be obtained on application at THE TIMES office. The price is only \$10.

Boyle Heights Briefs.
The festive burglar was abroad on the Heights on Sunday night, but, owing to the vigilance of the individuals whose homes were threatened to operate upon, no booty was secured. John Cleland, deputy ranjero, residing at No. 1809 Bridge street, was the first to receive a call, but the nocturnal visitors made so much noise trying to force a window that he was awakened and scared them away.

The home of Mr. Waldo, a telephone operator for the Santa Fe, who lives at the corner of Penn avenue and Cummings street, was also visited, but with the same fortunate result.

The board of directors of the Athletic Club held a meeting last night and will report the result of their deliberations concerning the amount and quality of apparatus needed at the regular meeting of the club tonight.

Attention was also called to the con-

THE SUPERVISORS.

THE COURTS.

Supreme Court Opinion Received for Filing.

Urquidias, the Burglar, Will Not Get a New Trial.

The Cathedral Burglar Given Time for His Bill of Exceptions.

Business Disposed of in the Federal Court.
The Chris Juan Incest Case—General Court Notes—New Cases.
Today's Calendar.

The decision of the Supreme Court affirming the judgment and order of Judge McKinley in the case of the People, etc., (respondent) vs. Nicodemus Urquidias (appellant) was received yesterday by Deputy Clerk Ashmore for filing in this city.

The defendant was convicted of the crime of burglary in the second degree, and sentenced to be imprisoned in the State prison for the term of one year. The appeal is from the judgment and an order denying a new trial.

The charge was that the defendant entered the house of one Beale with intent to commit larceny, and the evidence on the part of the prosecution tended to show that such an entry was made by defendant about 2 o'clock in the morning. The defendant, says the Court, cannot be reversed, therefore, for want of evidence to justify the verdict.

It was claimed that the Court erred in refusing to strike out, on motion of defendant, a portion of the testimony of the witness Rose and in admitting over defendant's objections another portion of the same witness' testimony. The Court, however, sees no error in the rulings complained of, and with reference to the instructions given to the jury, says: "As a whole the instructions stated the law applicable to the case very fully and fairly."

One of the grounds upon which a new trial was asked was that of newly discovered evidence. The Court disposes of this as follows: "In this case the affidavits offered in support of the motion were in contradiction of the evidence introduced by the people and in support of that given by defendant. The evidence, cumulative, and it fails to satisfy us that it would have rendered a different result probable on a retrial of the case. We can, therefore, see no abuse of discretion by the trial court in denying the motion."

Court Notes.
Judge Ross yesterday morning overruled the exceptions to the trial in the case of the United States vs. 280 kegs of nails, an action to enforce an alleged forfeiture on the ground that said nails had been transported from one part of the United States to another therein in foreign vessels.

The petition of Receiver F. N. Pauly of the California National Bank of San Diego for leave to compromise a \$2500 note secured by a mortgage on four lots at Orange, was granted by Judge Ross yesterday morning.

Upon motion of the United States Attorney yesterday morning E. Martens of Fresno, one of the witnesses for the Government in the case against Ricardo Gonzales et al., was required by Judge Ross to furnish bonds in the sum of \$1000 to ensure his appearance when required.

Judge Smith heard the demurrer of the defendant in the Chris Juan incest case yesterday morning and took the same under advisement, but that in the Fred Brobman burglary case was overruled, and the defendant, having entered his plea of not guilty, was ordered to appear for trial on Tuesday next.

Judge Clark tried the case of Emma B. Stratton vs. H. T. Hazard, an action to recover possession of a strip of land 10x56 feet on the west end of plaintiff's lot in the Judson tract, which defendant claimed to be a public alley, and at the close of the evidence ordered the matter submitted upon briefs to be filed within twenty-five days.

Judge Wade sustained the demurrer of the defendant in the case of J. Maskell vs. C. H. Barker et al., an action for damages on an attachment levied on defendant's realty on the ground that the complaint did not state facts sufficient to constitute a cause of action.

Upon motion of Frank Findlayson, Esq., the application of show cause in the case of William R. Staats vs. Mary A. Chaplin, executrix, an action on a note, to the amended complaint therein, and ordered judgment for the defendant for her costs.

In the case of Thomas Morehouse vs. Charles Off et al., Judge Shaw denied motion to set aside the default of one of the defendants therein, but granted a stay of proceedings for ten days.

The defendant in the case against A. E. McDonald, the Cathedral burglar, was allowed four months' additional time by Judge McKinley yesterday, within which to prepare his bill of exceptions.

Judge McKinley yesterday morning granted the motion for a new trial in the judgment in the case of Charles H. Dunton vs. William Niles, and allowed the plaintiff therein ten days' time within which to prepare his bill of exceptions.

Bartol Varnicovich and John Rolin were brought down from White River, Tulare county, yesterday, and lodged in the County Jail to await examination upon the charge of having used cancelled postage stamps recently.

Harvey C. Whitney, who was indicted by the Federal Grand Jury recently for having taken a letter addressed to Miss Lillian M. Spencer from the postoffice and abstracted therefrom a check for \$50, which he subsequently cashed, was brought down from San Francisco on Saturday last and is now awaiting trial in the County Jail.

New Suits.
Among the documents filed with the County Clerk yesterday were the preliminary papers in the following new cases:

Western Lumber Company vs. John Meade et al., suit to foreclose a mechanic's lien for \$533.08.

J. W. Lord et al. vs. A. M. DeCourcy et al., suit to foreclose a mortgage for \$400.

William Davis vs. Evan Williams et al., suit to dissolve a partnership and obtain an accounting.

DEPARTMENT SIX—Judge McKinley.
Charles M. Smith vs. J. P. Cosby et al.; appeal.
W. A. Fariss vs. D. P. Riley; appeal.

AN INSANE WOMAN'S ANTICS.

Ran about a Graveyard in a Nude Condition.
Yesterday afternoon quite an excitement was created in the vicinity of Evergreen Cemetery by the antics of a perfectly nude woman who amused herself for almost an hour by running over and around the graves.

At length the police were notified and Officer Hoff started in pursuit of the poor creature. He found her in the house of a colored family, near the cemetery, where she had been detained by the woman of the house. With the assistance of several women she was dressed and taken to police headquarters, and after a complaint charging her with insanity had been filed, she was sent to the county Hospital to await examination.

The woman's name is Miss Amelia Pelka. She is about 30 years of age and came up from Redondo yesterday morning. As near as can be learned she is an unfortunate girl who had some kind of a lover's quarrel. When questioned she refused to give the name of the man, but stated that she refused to marry him when he proposed, and the Lord became very angry with her, as He had selected the man for her, and in His wrath he ordered her to go to the colored people's house, where she was captured, and after removing her clothing to smash everything in the house and then take a run through the graveyard.

She at once removed every stitch of clothing, and then began to demolish every piece of furniture in the house. She made way with everything in sight and rushed from the house. After running up and down several streets she made a bee line for the cemetery, and for quite a while she ran up and down among the graves. As soon as she became tired out she returned to the house where she left her clothing, but instead of entering the house she sought a cool place in the yard and went to sleep.

The woman of the house returned a few minutes later and was frightened almost to death by seeing a nude woman stretched out in the yard. She soon recovered from the shock and bravely carried the unfortunate girl into the house and held her until Officer Hoff arrived.

Miss Pelka is rather a pretty girl, and with the exception of her wild statements regarding her love affair she seems to be perfectly sane. She will be examined by a lunacy commission today if she is in a proper condition, for her case has been brought on for trial and her feet and legs in a frightful manner.

The Coming Fair.
One of the features of the baby show at the coming fair will be a baby walk. The best walkers under 12 months, under 18 months and under 24 months will be awarded prizes.

The Fair Committee met yesterday morning and decided to have a committee appointed to pass on pictures before being entered in the art gallery. C. M. Wells has been selected to deliver the opening address. The directors of the Chamber of Commerce and Board of Trade, the city and county officials and directors of the Agricultural Association will occupy seats on the platform. There have been eight entries for the beauty show.

One day of the fair will be devoted to military tactics and one evening to Chinese jugglery and a Chinese combat with ancient weapons.

The Unity Club.
The Unity Club held its annual meeting last evening in the parlors of the Hollenbeck Hotel, G. A. Robinson presiding. There was an unusually large attendance. The membership of the club was increased by thirty-two members during the year.

A programme of weekly meetings devoted to literary, scientific and social topics was discussed, and a special committee of five, consisting of William H. Knight, C. C. Byrom, J. P. Henderson, Eli Snyder and Rev. A. Blum, was appointed to draft a plan of work for the club.

Wonderful Cures

DR. WONG.

713 South Main Street, - - - Los Angeles, California.

"Skillful cure increases longevity to the world."

"Ingeniously locating disease through the pulse and excellent remedies are great blessings to the world."

The above are two testimonials of many REWARDS OF MERIT or DIPLOMAS OF PROFESSIONAL SKILL, which have from time to time been awarded to the CELEBRATED CHINESE PHYSICIAN, DR. WONG, for his superior medical abilities and curative powers.

It has long been customary among the Chinese people when one becomes sick and when repeated attempts to cure him have failed, and he is perhaps given up to die, if after having been taken to an eminent physician, he is cured of his disease—the cured, too in addition to the regular fee for professional services rendered, makes the physician a present as a token of gratitude for his restoration to health and the prolongation of his life. This present consists usually of a broad plank, presenting much the appearance of a sign-board, filled with characters entirely meaningless to the average, but full of meaning to the successful physician and his friends. It is a motto which highly compliments the physician for his great skill in effecting a cure of the disease which once afflicted the donor.

It is not an uncommon thing to see a great number of these COMPLIMENTARY DIPLOMAS adorning the office walls of Chinese physicians in their native country, and indeed a number of the most successful ones in this country are the happy possessors of a few of these tokens of very superior medical ability.

S. B. BLANDFORD, Observer.

The grand banquet at the Hotel Coronado in honor of the distinguished visitors at the Cabrillo celebration promises to be one of the most brilliant affairs of the kind in the history of the State. Prominent men from almost every city will be present, and open-handed hospitality will be extended to San Diego by its guests. A limited number of tickets have been apportioned to Los Angeles, which may be obtained on application at the Times office, and also of J. E. Aull, Hollenbeck cafe. The price is only \$10.

The Chautauques are already organizing in Southern California. Many new circles are being formed. One of the best bookkeepers, No. 140 North Spring street, has been headquarters for the books for several years past. He has a large stock of the best books in his store. A desirable club rates should apply to him early. He furnishes the Chautauquan at club rates to readers buying books of him.

Sanborn, Vail & Co. of No. 135 South Spring street have just received their fall shipment of photograph panels of the very latest designs and photograph frames of French design. The panels are furnished in the new style of bisque decoration, and are a very handsome ornament for piano or mantel.

Wednesday evening, September 28, at Temperance Temple, Marshall Wheeler will explain the third motion of the world of space, causing the destruction of millions of human beings. Tickets for sale at M. H. Alters, No. 126 South Spring street.

Herr Arnold Kutner is adding to his German classes this year a class in German literature to be conducted in English. The course will embrace lectures illustrated by the best translations of German writers.

Los Angeles to Long Beach and return 50 cents, and San Pedro and return 50 cents, on the Los Angeles Terminal Railway, good going Saturday or Sunday and returning Saturday Sunday and Monday.

Peck, Sharp & Nolte, the "Independent" undertakers, No. 140 North Spring street, are controlled by a "trust," combination or association. Charges reasonable and scrupulously paid.

Mountain resort. For health, pleasure and comfort go to Arrowhead Hot Springs. Hot and cold water. Elevation, 2000 feet. City office, Conkey's store, corner Spring and Second streets.

Commencing today and until October 2 the Southern California Railway will sell excursion tickets to San Diego at one fare for the round trip, tickets good returning until October 3.

B. Douglas of Santa Barbara will address the public tonight under the auspices of the Premillennial Association at Y. M. C. Hall on "The Seventieth Week of Daniel's Prophecy."

Nelgen, the tailor, at No. 116 North Spring street, is turning out some elegant suits. All my goods are new and clean. The public is invited to inspect my stock.

The Southern Pacific has put in effect a rate of a round trip for a fare and a third from Southern California points to Santa Ana during the fair at that point.

Thursday, Friday and Saturday, September 29 and 30 and October 1, are the dates appointed for Miss Jordan's reception and millinery opening.

Extraordinary aquatic fireworks will be a feature of the festivities at Coronado. W. H. Wilson, of the local factory, has charge of the display.

Read ad of W. P. McIntosh in other column if you want to start your son in a good, paying, business.

Fine cabinet photos reduced to \$1.75 per dozen. Sunbeam Gallery, No. 236 South Main street.

Kodaks finished, roll free. 221 S. Spring. For Hot Air Furnaces go to F. E. Brown. Dewey's Artists photos, the finest.

Maj. William H. Bonsall, who has been absent several days in Arizona, will return this evening.

George P. Phillips, Deputy District Attorney, will address the First Ward Harrison and Red Club this evening.

A private letter received yesterday from Uncle Billy Williams at Santa Barbara, states that he is meeting with great success and standing the campaign splendidly.

Mrs. E. E. Hadden, daughter of Rev. J. A. Wood of Lancaster, presented her husband with a seven-pound boy Sunday night. Mother and child are doing well.

Occidental College of this city has opened with a much larger attendance than ever before. The students are appreciating the additions to the library and well-equipped chemical laboratory.

Thomas Moorcraft, a native of England, who was at Los Angeles in 1888, or anyone knowing his address, is requested to communicate with British Vice-Consul Mortimer Temple, B. M. C. City.

The semi-annual presbytery of Southern California, which includes the six southern counties, opens this evening at Pasadena. Rev. Dr. Cliechester, of Immanuel Church, will preach the opening sermon.

The Quakers of Whittier will hold memorial services for the dead poet in whose honor the town was named on next Saturday evening. Rev. J. C. Fletcher, a personal friend of Whittier, will deliver the memorial address.

Frank de Coninck, a Belgian expert on beet sugar, is visiting Los Angeles. He is an enthusiast in the possibilities of Southern California in the line of sugar beet growing. Mr. de Coninck will visit Chino and the Cabuena Valley to make a careful examination of those sections.

The Church of the Unity will reopen its doors next Sunday, October 2. It now has a seating capacity of 1,000. Devotional services will take place under the direction of the pastor, Dr. Thompson, who is expected back this week. Dr. E. F. Fay and Rev. Mr. Sprague of Pomona and others.

Dandruff forms when the glands of the skin are weakened, and, if neglected, baldness is sure to follow. Hall's Hair Renewer is the best preventive.

THIS WEEK AT HOTEL DEL CORONADO Will be an exceedingly gay one, being headquarters for Gen. McCook, Ruger and Johnson, with their respective staffs; also for Admirals Brown and Chiraudi, with the captains of the White Squadron, which will arrive in the bay of San Diego on the 30th inst. Many other noted personages will also grace this occasion by their presence. The celebrated naval and military hands will entertain all by their presence, and Romandy's unequalled string band will dispense sweet music as occasion may require. Mirth and pleasure will be the ruling gods at Coronado during the present week.

Fine Carriages. It is not necessary to go outside of Los Angeles for elegant vehicles. Call at No. 10 N. Main street and inspect the Victoria, Rockaways, Traps and Carts now exhibited by Hawley, King & Co.

Highest of all in Leavening Power.—Latest U. S. Gov't Report.

Royal Baking Powder

ABSOLUTELY PURE

AGAIN IN THE TOILS.

Isaac W. Bain's Troubles are Not Yet Ended.

Held to Answer for Using the Mails for Fraudulent Purposes.

His Bogus Marriage Bureau and How He Worked It.

A Seditious Newspaper Advertisement the Bail With Which He Caught His "Snickers"—A Transparent Swindle.

"A Spanish girl, handsome and wealthy, who for certain reasons will give half her fortune to any respectable man who will give her his name. Sealed particulars; 10 cents. Address the Acme, Box 207, Fresno county, Cal."

The above advertisement, which appeared some time last spring in the Police Gazette of New York, was one of the many causes which brought about the arrest and arraignment of H. C. Wilson, alias Isaac W. Bain, before United States Commissioner Van Dyke yesterday morning.

At a not very remote period the individual named operated in San Francisco in the capacity of a cupid's go-between, or in other words, conducted by various methods a marriage bureau. While there his questionable business brought him into a complication of serious charges and he was finally compelled to seek for pastures new and verdant, which he appears to have for a time found in the quietude of the inland town of Fresno. His San Francisco misdoings, however, pursued him, and he was finally arrested, taken back to the Bay City, convicted, and fined \$250 with the accompanying sentence of six months in jail. Another indictment was found against him as a result of his Fresno operations, and when his time expired this week at San Francisco he was at once brought to this city for trial charged with using the United States mails for defrauding people by means of a false marriage bureau. When the trial came up yesterday it was found that the indictment was defective, and Bain gained an acquittal upon the technicality. He immediately tried to get out of town in a hurry, but United States District Attorney Allen secured a new information and he was rearrested.

The examination was held in the afternoon. C. C. Stephens appearing for the defense.

The first witness, A. V. Leyda of Arizona, testified that he had replied to the advertisement in the Police Gazette, above quoted. Leyda said he had received a long reply, which he produced, detailing the attractions and accomplishments of the Spanish beauty, and was instructed to send on a \$2 fee if he meant business.

Leyda sent along the \$2 in the customary reliable manner and soon received notification that the "lady" had started for Arizona. But she failed to materialize at the abiding place of Mr. Leyda, and it was then and only then that he was confronted with the undeniable fact that he had been taken in just \$2 worth.

Testimony from the postal clerks revealed the fact that Bain, so-called, received scores of letters through the mail and it is not at all unlikely that there are many more in the "same boat" with Mr. Leyda, but whose natural desire to avoid revealing their childish credulity has prompted them to keep silence.

It is said that the marriage sharper received hundreds of dollars before his successful career was brought to a close.

Upon the conclusion of the evidence submitted Bain was held for trial and went to jail for safe-keeping. The case will be vigorously prosecuted, and it is probable that a conviction upon the charge of using the mails for the purpose of fraud may be sustained, should all others fail to adhere.

Hot for San Diego. Don't fail to attend the grand celebration of the 30th anniversary of the discovery of California by Cabrillo, at San Diego on Wednesday and Thursday, September 28 and 29. Special cheap excursion rates from all stations on the Santa Fe and Southern Pacific.

Ladies, Here's Your Chance. PETTY OFFENDERS.

Business Transacted by the Police Justices Yesterday.

But little business, with the exception of sending out warrants for violators, was transacted in the Police Court yesterday.

A fellow with a high-toned Southern voice and a name that reads after this fashion, Hilario Villa, was convicted of malicious mischief in Justice Austin's court and fined \$10. He amused himself Saturday night by smashing windows.

Two fighters and one drunk were given from \$3 to \$5 fine or an equivalent number of days on the chain gang.

A warrant was issued for Mr. and Mrs. Pat Garrity, on a charge of battery, preferred by a neighbor, who claims to have been cleaned out in a stand-up and knock-down fight with the Garrity family.

Mrs. John Johnson yesterday swore to a complaint before Justice Austin, charging her lord and master with having "beat the head off her," or words to that effect.

A man named John Zanes swore to a complaint charging Albert Du Gross with having embezzled \$30. A warrant was issued and an officer was sent to Redondo, as it is believed Du Gross left for that place intending to ship for San Francisco.

A Dias, who stole a cigar cutter in a cigar stand a few weeks ago, and was arrested by Detective Inley, was to have been tried yesterday, but one of the principal witnesses was not present, and the case was over until October 1.

A FEW DAYS MORE.

Robinson's World's Exposition, Solomon and Queen Sheba Here Thursday.

The public will have an opportunity next Thursday, September 29, of witnessing the best circus and the grandest spectacle ever exhibited. That John Robinson's ten big shows has no equal is acknowledged by the people and the press who have visited this show throughout the United States. Only two performances will be given here, at 2 o'clock and 8 o'clock respectively. The San Francisco Chronicle has this to say of the show after leaving San Francisco:

"The circus has gone, and with it the good will and wishes of every boy, girl, and not a few of the old folks in the city. That it was one of the best ever here all who saw its wonders will acknowledge. Yesterday the two performances drew the largest crowds of spectators assembled in the big tent during the week. In the afternoon the place was black with people and at night the management refused to let any more people in. The show was a success, the animals closely hidden in their cages, the tent down and the whole concern off to the eastward for readiness for the start early this morning."

"When the performance was over at night it was not long before the varied paraphernalia of the ring was packed securely away, the animals closely hidden in their cages, the tent down and the whole concern off to the eastward for readiness for the start early this morning."

The examination was held in the afternoon. C. C. Stephens appearing for the defense.

The first witness, A. V. Leyda of Arizona, testified that he had replied to the advertisement in the Police Gazette, above quoted. Leyda said he had received a long reply, which he produced, detailing the attractions and accomplishments of the Spanish beauty, and was instructed to send on a \$2 fee if he meant business.

Leyda sent along the \$2 in the customary reliable manner and soon received notification that the "lady" had started for Arizona. But she failed to materialize at the abiding place of Mr. Leyda, and it was then and only then that he was confronted with the undeniable fact that he had been taken in just \$2 worth.

Testimony from the postal clerks revealed the fact that Bain, so-called, received scores of letters through the mail and it is not at all unlikely that there are many more in the "same boat" with Mr. Leyda, but whose natural desire to avoid revealing their childish credulity has prompted them to keep silence.

It is said that the marriage sharper received hundreds of dollars before his successful career was brought to a close.

Upon the conclusion of the evidence submitted Bain was held for trial and went to jail for safe-keeping. The case will be vigorously prosecuted, and it is probable that a conviction upon the charge of using the mails for the purpose of fraud may be sustained, should all others fail to adhere.

Hot for San Diego. Don't fail to attend the grand celebration of the 30th anniversary of the discovery of California by Cabrillo, at San Diego on Wednesday and Thursday, September 28 and 29. Special cheap excursion rates from all stations on the Santa Fe and Southern Pacific.

Old Fellows Incorporated.

Articles of incorporation were filed with the County Clerk yesterday by the Old Fellows' Hall Association, formed for the purpose of purchasing or otherwise acquiring a hall, etc., to be used especially for the meetings, accommodation and benefit of the lodges of the I. O. O. F. in this city, etc., with a capital stock of \$45,000, all of which has been actually subscribed. Its board of directors consists of J. H. Krimminger, R. Livingston, E. Overholzer, F. Pratto, W. A. Bonyuge, G. Joernmann, F. Kopp, W. O. Burr, O. Morgan, J. Ashman, H. J. Crawford, L. F. Vollmer, G. Heilmann, F. Glencross, W. H. McDonald, F. J. Moll, J. Lyons and T. H. White, all of this city.

Pugnacious Celestials.

The Chinese cooks at Illich's restaurant engaged in a lively fracas Sunday morning, in which meat hooks, dishes and other available articles were brought into play as weapons. Torn ears, and scratched faces resulted before the fight was stopped, but no arrests were made.

The row partially grew out of recent gambling troubles in Chinatown, occasioning the bad blood which has existed between the culinary celestials for some time past.
